Extra safety

### Highlights

#### High standards

Lode is a socially and environmentally responsible company. All Lode products are RoHS/WEE compliant and Lode is ISO 9001:2003, ISO 13485:2008 and FDA 510K certified. All medical products comply to MDD 93/42/EEC, incl. IEC 60601-1.

#### Safety for all users

The accessory enables safety lanyard use for subjects / patients with larger waist size

#### Connection with emergency stop

When the test subject falls, the treadmill will stop running

#### Mobile

The system can easily be moved

#### Comfortable Harness

The harness is very comfortable and does not obstruct the natural running movement

Harness that can be attached to a mobile safety device that prevents the test subject from falling on the belt. This construction on wheels can be placed over the treadmill whenever needed. The front wheels of the construction can be locked.

The height of the product is suitable for normal rooms (from 2,5 meters). For higher rooms you may consider to order height adjustment parts to enable use by taller patients. This will increase the height with 18 cm. Partnumber of this option is 932824.
